

Please do not overturn New Jersey's Do Not Call law. I had originally signed up for the Federal Do Not Call Registry, but I was still receiving annoying telemarketing calls on a very regular basis. But, since I joined New Jersey's Do Not Call Registry, I have noticed an almost 100% drop in "Out of Area" and "Unavailable" phone calls. I can now enjoy a peaceful evening with my husband and children without the almost constant ringing of the telephone.
